

HOW IT WORKS

Perfect Mix Nutrients are a combination of primary nutrients (NPK), blended with our in-house distilled alfalfa extracts. They help stimulate growth for higher yields at lower costs.

SAFE AROUND CHILDREN & PETS

WHEN USED AS DIRECTED

Mixing Compatibility

GROW MICRO BLOOM + **SNS 604A** + **SNS 604B** + **SNS 209**

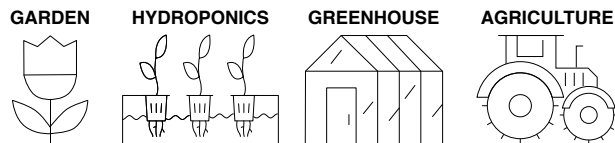

GROW

Grow Formula promotes vegetative and structural growth, along with strong roots.

MICRO

Micro Nutrient Formula adds trace elements such as calcium, magnesium & iron and helps sustain a plant's health and vigor.

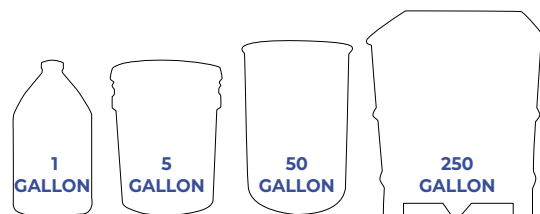

WHERE TO USE

BLOOM

Bloom Formula stimulates the bloom phase of flower, bud or fruit.
