HOW IT WORKS

Systemica® is a unique all-natural and organic formula that works as a two-in-one spray and root drench solution. Use as a foliar spray for leaves and branches, or soak the soil for root drench. It contains rosemary and clove botanicals that kill and repel insects. Systemica® works on contact while it's also absorbed into the plant's cell walls, just like water, creating complete and total protection. If an insect starts to feed on the plant, Systemica® causes the pest to move on or die. Pest proof your lawn and garden with Systemica®.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USE

Works best with standard residential water pressure of 40-60 PSI.

Step 1: Attach the Systemica® bottle nozzle to your garden hose and turn on water.

Step 2: Turn to FAN setting for Systemica® product use. Turn to STREAM setting for water only.

For use on plants, spray Systemica® thoroughly over plant foliage. To encourage plants to absorb Systemica®, spray directly onto the root area of plants. Thoroughly drench as much of the root area as possible. Repeat applications at 7-10 day intervals or if infestation returns. Systemica® can also be used on your lawn, around the perimeter of your home, around or in infested pet areas, and around outdoor seating areas. Be sure to scan the QR code for videos of how Systemica® can be used.

This product has not been registered by the United States Environmental Protection Agency. Sierra Natural Science represents that this product qualifies for exemption from registration under the Federal Insecticide Fungicide, and Rodenticide Act. FIFRA 25(b).

PRECAUTIONARY STATEMENT

Use eye protection and chemical rated gloves. Not intended for human consumption. Avoid contact with eyes and skin. Thoroughly wash all food areas and food materials contacted with soap and water. Do not use near heat or open flame. Store in cool location out of direct sunlight. Do not freeze.

FIRST AID

If in eyes, flush eyes with water for a minimum of 15-20 minutes. If on skin, wash skin with soap and water. If irritation persists contact a physician. Have the product container or label with you when calling a poison control center or doctor, or going in for treatment. Call poison control center hotline 1-800-222-1222 if over exposure occurs.

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Do not reuse container. Dispose in trash.
